PROJECT OVERVIEW

Wanderlust - A Hotel Booking Webpage

- This is a secure hotel booking webpage. Users can register and log in with secure credentials.
- Authenticated users can add new hotels and delete their listings. Each hotel includes images, pricing, location and user reviews.
- An interactive map helps users view the exact hotel location.
- **Technologies Used :** HTML, CSS, JS, Node.js, Express, MongoDB, MapBox .

Smile - Education Platform

- Designed a secure education platform with courses, quizzes, and coding tutorials.
- It enables collaboration with content creators to grow subscribers and user base, with fully encrypted with login credentials.
- **Technologies Used :** Node.js, Express, MongoDB, TriviaDB API .

RuralCapita - Rural Finance Empowerment Platform

- Built a finance based platform for rural users featuring income-expenses tracking, SIP calculators, daily financial news, services.
- Focused on loan awareness and industrialist mentorship for rural empowerment.
- **Technologies Used :** Node.js, Express, MongoDB, React .
